"Van der Waffles" is a great café, coffee shop, sandwich bar, and bakery all in one! The guests who come to this wonderful café are treated to real Belgian waffles in all their diversity and great Belgian hot chocolate. Waffles here are not only a dessert, but also a main course with several different options for fillings. The café also has several board games and film screenings regularly.

The first floor of the café is a perfect place for meetings and relaxation. The makeshift loft that is reachable by a steep staircase is a great place also to enjoy a coffee or a sweet treat anytime.

Several guest reviews have highly recommended the club sandwich waffle with a shrimp cocktail and a waffle with chicken, spinach and mushrooms in a creamy sauce. These are just two great meals you can get at "Van der Waffles Café," with several other great options always available. The products are fresh and the café features homemade mayonnaise, which is also delicious.
